

Mission Statement

To provide high quality childcare and education in a Jewish environment that is safe and stimulating. Children are able to learn through play and we are reflective practitioners of current curriculum guidance and legislation.

Our Aims:

- We recognise that parents are the child's first and most important educators. We respect and value our parents and we aim to have an open, honest and supportive relationship with the families of our nursery.
- We strive for children to develop responsibility for themselves and their actions and to become competent, confident, independent and co-operative individuals.
- We endeavour to provide a valuable service within the local community, that meets the needs of all the children and the families who use the setting.
- We incorporate positive opportunities for all children through inclusive practice, respecting diversity and ensuring equal access to the provision.
- We provide children with a caring and nurturing environment, which facilitates and promotes their individual development.
- We support and extend learning and development appropriately and sensitively incorporating each child's individual interests.
- We promote a healthy lifestyle and by meeting the physical and emotional needs of our children, we create a clean and safe environment for them to thrive in. At Little Bicks, we work together to promote children's welfare and protection. It is our duty and responsibility to protect children from harm.
